CEE Region Offers Multiple Growth (II)

GDP, insurance penetration, wealth composition are growth drivers

Shift in Households' Financial Wealth Composition

Comments

- § With increasing wealth household asset allocation in CEE is to change in favour of insurance products
- § VIG is well positioned to capture this growth through the long term agreement with Erste Bank

VIG Exploits Opportunities

A systematic approach to consider best capital allocation

New Market Entry

- § Risk-cautious exposure of capital in new markets
- § Recognize opportunity – benefit from it

1 Acquiring a small player or setting up a Greenfield operation

- § Learning about the mechanics of the market
- § Understanding the customer demand
- § Establishing relationships

2 Confidence in the market environment is the engine for further expansion

- § Getting reasonable size to make use of economies of scale
- § Improve profitability by shared services

Acquisition Process

Criteria

- § Sound risk assessment of target company
- § What does the company add to help us grab the lion's share of future growth
- § Appraisal of management skills

Principles

- § Leveraging of local brand names in the context of multi-brand approach combined with shared services concept for back office
- § Strong local management with in-depth market experience and full discretionary power
- § Backed by Group and supervision (re-insurance, actuarial, asset management)
- § Long-term goal to reach CZ and SK ROE levels (>20%)

Acquisition of s Versicherung

Long-term CEE cooperation agreement

Acquisition Highlights

Rationale

- § VIG strengthens the No. 1 position in Central and Eastern Europe (CEE)¹
- § VIG successfully diversifies its distribution channels in core markets
- § Erste Bank's distribution system is a perfect fit for VIG
- § Right time to boost life insurance business

Recent Steps

- § EU Commission already approved acquisition of Erste Bank insurance operations; only two local approvals still awaited
- § Closing of transaction expected for September 2008
- § Local mutual distribution agreements just before conclusion

¹ CEE is defined as: Bulgaria, Croatia, Czech Republic, Hungary, Poland, Romania, Slovakia; interim data for Serbia n.a.

Potential of 16mn Erste Bank Clients

Bancassurance agreement offering outstanding access to clients

Erste Bank Strengths

- § Largest retail bank in the CEE region
- § More than 16mn customers and 2,900 branches
- § Present in nearly all existing core markets, home market of 120mn people
- § s Versicherung already integrated in Erste Bank IT systems – easy data handling
- § Existing P&C cooperation

Erste Bank - a perfect fit

Mutual Distribution Agreement

- § Preferred partnership for sale of life, non-life and health products – building on existing P&C cooperation
- § Long-term agreement: 15 years plus renewal for 10 years
- § Countries covered: Austria, Croatia, Czech Republic, Hungary, Romania, Serbia, Slovakia, Ukraine
- § Terms and conditions to be agreed according to local environment
- § Erste Bank targets strong increase in its penetration of retail clients with insurance products

Creates significant growth potential going forward

Now is the Time for Life Business

Banking distribution is key for harvesting CEE life potential

CEE Insurance Markets¹

Comments

- § Life gaining importance in mature markets
- § In EU-15 about 2/3 of insurance market is life business

¹ Source: Swiss RE Sigma 04/1998; 06/2002; 04/2007

Distribution of Life Products

Comments

- § In Western Europe the major part of life products is distributed via bancassurance

Multi-brand & multi-channel differentiate VIG from most of its competitors

Performance Drivers

Bancassurance, experience and business growth

Experience in P&C Bancassurance

- § Similar mindset and corporate culture
- § Existing exemplary P&C cooperation with Erste Bank in Austria and CEE

Ceska sporitelna is the largest external provider of personal lines non-life insurance products for Kooperativa

Mutuality

Kooperativa became the largest external agent for bank products for Ceska sporitelna (CS)

Profitability Drivers

Business Growth

- § Extended product and service offering tailored to the bancassurance distribution channel
- § Exploit cross-selling potential between VIG, s Versicherung and Erste Bank
- § Focus to increase customer penetration with multiple insurance products

Performance

- § Economies of scale to result from strong business growth in CEE
- § Several s Versicherung group companies established only recently; carrying set-up costs
- § VIG's has proven track record of managing bancassurance operations

Efficiency

No.1 Position in CEE

Taking on leadership also in life insurance

VIG Benefits from Stability and Similarity

CEE region offers unique convergence

C 19

Unique Stability

Nearly all VIG core markets are already member of the EU or on the way to become a member

- § Emerging extended home market of about 120mn people
- § Political stability and common regulatory environment also for EU member aspirants
- § EU ensures focus on sound fiscal policy
- § Financial subsidies from EU to accelerate catch up process of CEE countries
- § Step by step extension of EURO into CEE – convergence of currencies

Similarity

- § Austria and many CEE markets benefited from EU enlargement process
- § Partly joint tradition and history

- § VIG understands the mechanics of the markets and the needs of the customers
 - § Market entry at the right point of time when relevant insurance business lines are to take off
- ➔ Management approach based on broad experience in similar conditions

Management Approach

Excellent track record in integrating CEE subsidiaries into VIG

Management Approach

- § Each board member of VIG parent has direct responsibility for CEE countries
- § VIG board members closely involved in management of subsidiaries to build know-how and for quick decisions
- § Local incumbent management is responsible for sales and profitability - usually one board member delegated from Austria
- § Capital
 - available capital concentrated at parent level
 - allocation to Group companies according to their needs to fund organic growth

Track Record

- § CEE already contributes 43 percent of premium income and more than 30 percent of Group profits

Source: SwissRE Sigma 03/2008, 6M 2008 company data

The Austrian Case

VIG capitalises on catch-up potential in life insurance

Situation in Austria

- § Austria is a largely mature market
- § Still strong growth potential in life: Austria lags behind EU-15 in premium per capita
- § Life insurance business in Austria is expected to deliver sustainable growth going forward
- § Ongoing reforms of social security system to generate strong demand for life savings and pension products
- § VIG has been growing faster than the market

High Growth Potential

Life insurance density is low in Austria
